

RF Engineer

Crescend Technologies, an ISO9001 Certified company in Schaumburg, IL, is a manufacturer of high power amplifiers for the VHF, UHF, and 700/800/900 markets. A dynamic staff with design agility and quality products, we commit each day to manufacturing the highest quality amplifiers and developing new technology to help our customers succeed.

We are currently seeking a highly motivated experienced RF PA Engineer to develop high power RF Amplifiers, 30 MHz – 1 GHz, up to 500 Watts. Experience with Labview and rf simulation programs such as Microwave Office or ADS are required. Good analytical as well as interpersonal and communications skills necessary. Must be able to meet schedules and work well in a team environment.

Minimum Qualifications:

- 3+ years experience
- BSEE

Our Competitive Benefits include: Health, Dental, and Life Insurance, as well as a 401(K) program. Interested candidates please send your resume to:
